

Kathy Snyder – Principal Broker at Country Living Properties

After over 40 years of inn keeping in Vermont and being a licensed real estate broker for over 29 years, I feel I have a good understanding and sensitivity to people's needs. Since both the sale and purchase of a home is a significant event, I would like to make the process an enjoyable one. I am willing to work hard and smart for my clients and get the job done. Since we raised our children in Vermont I am familiar with the school systems and many activities here in southern Vermont. Previously I was Town Clerk & Treasurer of our small town for over 13 years. I taught skiing in the JISP program at Bromley Ski area while my children participated in the school program. My hobbies include painting, knitting, quilting and photography. I would enjoy the opportunity to work with you. Here at **Country Living Properties**, we work as a team and help each other to succeed in finding the right properties.
